#### PACKAGING:

- 1,000 L container
- 210 L barrel
- 20 L: 24 x 20 L pallet
- 5 L: 96 x 5 L pallet

### A REAS OF APPLICATION

SCALP AUTO CLEANER is an innovative shampoo that is perfectly suited to cleaning and removing grease from all types of dirt and grime found on a vehicle body. It forms an active foam that is highly concentrated and removes static film, insects, mud, hydrocarbons and other dirt and grime. It helps bring shine to surfaces and does not negatively impact chrome bars, aluminium strips, joints etc. This product can be used for cleaning surfaces that may come into contact with food — surface must be rinsed after use.

## APPLICATION

- **1.DILUTION:** The product must be diluted with water to a concentration of 4 % to 10 %, depending on the level of dirt.
- **2.APPLICATION EQUIPMENT**: Sprayer.
- 3.MODE OF OPERATION: a) Manual cleaning: apply by spraying from top to bottom onto the vehicle body. Leave to work for a few minutes, then rinse off with pressurised water while scrubbing with a synthetic or natural-fibre brush. Never let the product dry.
- **b)** For use in car-wash arches: place product in the shampoo compartment of the arch, for it to be pumped and sprayed onto the whole vehicle by the boom nozzles provided for this purpose. Never let the product dry. Rinse thoroughly with water.

**4.APPLICATION TEMPERATURE**: 5 °C to 50 °C. Effectiveness is reduced at extreme temperatures.

5. TOOL CLEANING: Clean tools with water straight after application.

6. YIELD: 100 ml of pure product per 10 m<sup>2</sup>.

**7. STORAGE:** Store product in frost-free premises, away from the elements and direct sunlight. Do not store at temperatures < 5 °C.

\* Yield information is only provided as a rough guide. This information is useful to determine the amount needed for the work. This information is in no way contractual. The exact quantity of product to be applied can only be established through tests, based on the different surfaces to be treated.

#### PHYSICO-CHEMICAL FEATURES

- Liquid detergent
- Colourless to yellow-coloured liquid
- Density: 1.01 g / cm3 at 20 °C
- pH: 7.5
- Keep from freezing but

reversible

Flash point: None

# A PPLICATION PRECAUTIONS

- 1. PROTECTION OF SURFACES: Do not apply product to surfaces that are very hot or have been exposed to the sun. Do not let the product dry on car bodywork. For surfaces that may come into contact with food, rinse surface after using SCALP AUTO CLEANER.
- **2.** PROTECTION OF PERSONS: Wear gloves and safety goggles. Avoid contact with eyes. In the event of splashing, rinse with water.

Important: The contents of this document stem from our experience with the product. We cannot be held liable as far as its use is concerned in every individual case. Given the particular characteristics of each surface (wear and tear, alteration of the entire surface and/or its properties, chemical composition etc.), and to avoid any damage to the surface being treated, it is essential that the Scalp product be tested on a small area to be treated, by following the procedure for application, in order to ensure that no alteration occurs.
