AREAS OF APPLICATION

Do you have a problem with graffiti? In order to rapidly remove graffiti from a non-porous surface, use WIPES EXPRESS 70 anti-graffiti wipes. These impressive wipes are impregnated with an incredible cleaning formula that removes paint (also on enamel), ink and even permanent marker. With just one light rub, a simple wipe will rapidly remove unwanted paints and graffiti.

They can be used on multiple surfaces like:

- Bathroom and toilet walls
- Offices
- Lamp posts
- Bus stops and seats
- Telephone booths
- Plastic-coated road signs
- Billboards
- Aluminium coatings
- Cupboards
- Trains
- Walls
- Tiles
- Stainless steel

STORAGE: Store product in frost-free premises, away from the elements and direct sunlight.

SCALP is a French family-owned business and manufacturer of cleaning, protection and treatment solutions, with over 65 years as a construction-industry specialist.

APPLICATION PRECAUTIONS

Make sure the seal is properly closed after every use.

1. PROTECTION OF SURFACES: Does not present any particular risk on materials. In the case of road signs, make sure that these have a film and first test on a small area to avoid any risk of damage. In every case, first test on small areas to make sure the original surface is not altered.

2. PROTECTION OF PERSONS: Wipes for professional use. Avoid contact with eyes. Not to be used by children.

Important: The contents of this document stem from our experience with the product. We cannot be held liable as far as its use is concerned in every individual case. Given the particular characteristics of each surface (wear and tear, alteration of the entire surface and / or its properties, chemical composition etc.), and to avoid any damage to the surface to be treated, it is essential that the Scalp product be tested on a small area to be treated, by following the procedure for application, in order to ensure that no alteration occurs. Professional product: dangerous, follow application precautions. Wear personal protective equipment (PPE) and refer to the safety data sheet (SDS).
