

SCALPINOX D

HIGH PERFORMANCE ALUMINIUM CLEANER, POWERFUL DEGREASER, CORROSION INHIBITOR AND PHOSPHATIZER.

PRODUCT BENEFITS

- Affects neither glass nor rubber
- Fast
- Can be sprayed; can be used for soaking
- Odourless
- Highly versatile
- VOC-free

PACKAGING:

- 25 kg: pallet of 24 X 25 kg
- 6 kg: carton of 4 X 6 kg
- 1 kg: carton of 10 X 1 kg

AREAS OF APPLICATION

This product serves to renovate anodised aluminium tarnished by urban pollution. It is also an excellent degreaser and phosphatizing rust proofer for metals.

APPLICATION

- <u>1. DILUTION</u>: Use the product neat for the cleaning of aluminium and dilute at the rate of 50% for use in a bath (phosphatizer).
- <u>2. TOOLS:</u> Paintbrush, brush, roller, preferably nylon (synthetic), can be sprayed with a manual sprayer or airless spray gun, application by moistened cloth possible.
- 3. METHOD: Mix the product well before application. Apply the product to the surface then leave to act. Rinse efficiently with water under pressure (cold). Renew the operation as necessary.
- <u>4. APPLICATION TIME</u>: From 5 to 20 minutes according to the importance of the build up of grime.
- <u>5. APPLICATION TEMPERATURE</u>: From 5 to 50°C. Efficacy is reduced at extreme temperatures.
- 6. CLEANING OF TOOLS: Clean tools in water immediately after use.
- 7. APPLICATION RATE: From 150 to 200 ml /m2 environ.*.

8. STORAGE: Store the product in a frost-free location where it is protected from the weather and away from direct sunlight.

* Coverage areas are provided for information only and can be used to assess a project. They are in no way contractual; only tests can define the actual amount of product required depending on the surface to be treated.

PHYSICOCHEMICAL PROPERTIES

- Aqueous product
- Colourless liquid
- Density: 1.2 +/- 0.03 g /cm3 at 20°C
- pH : 1
- · Not frost resistant, but effects reversible
- Flash point : Non-flammable

PPLICATION PRECAUTIONS

1. PROTECTION OF SURFACES: do not apply to limestone materials. 2. PROTECTION OF PERSONS: Product contains phosphoric acid. It may cause burns and serious eye damage. In case of contact, wash with water and, if irritation persists, consult a doctor. Wear full chemical protection suit. Use full-face safety goggles to protect against splashes. Wear PVC gloves.

Important: The contents of this documentation result from our experience of the product. We cannot be held responsible for its use in each individual case. It is essential to test areas to be treated beforehand. See the Safety Data Sheet (SDS).
